2014 – 2015 academic year

New student registration recruitment

A Place To Learn Traditional Chinese

Being multilingual is a necessity in today's global environment. To be well-rounded with a competitive advantage, learning another language is no longer an option but a requirement. The rise of Chinese-Mandarin as a major dialect has been evidenced by both population and demand. Since launching Edison Chinese School 17-years ago as a non-profit organization, the school has continuously enriched our community by offering Chinese-Mandarin plus Chinese culture classes as its core curriculum. By attending Edison Chinese School one is immersed in learning language arts and cultural diversity while making new friends, thus creating the perfect environment for learning Chinese-Mandarin. Spaces are limited, however, so please register early.
